Smith+Nephew

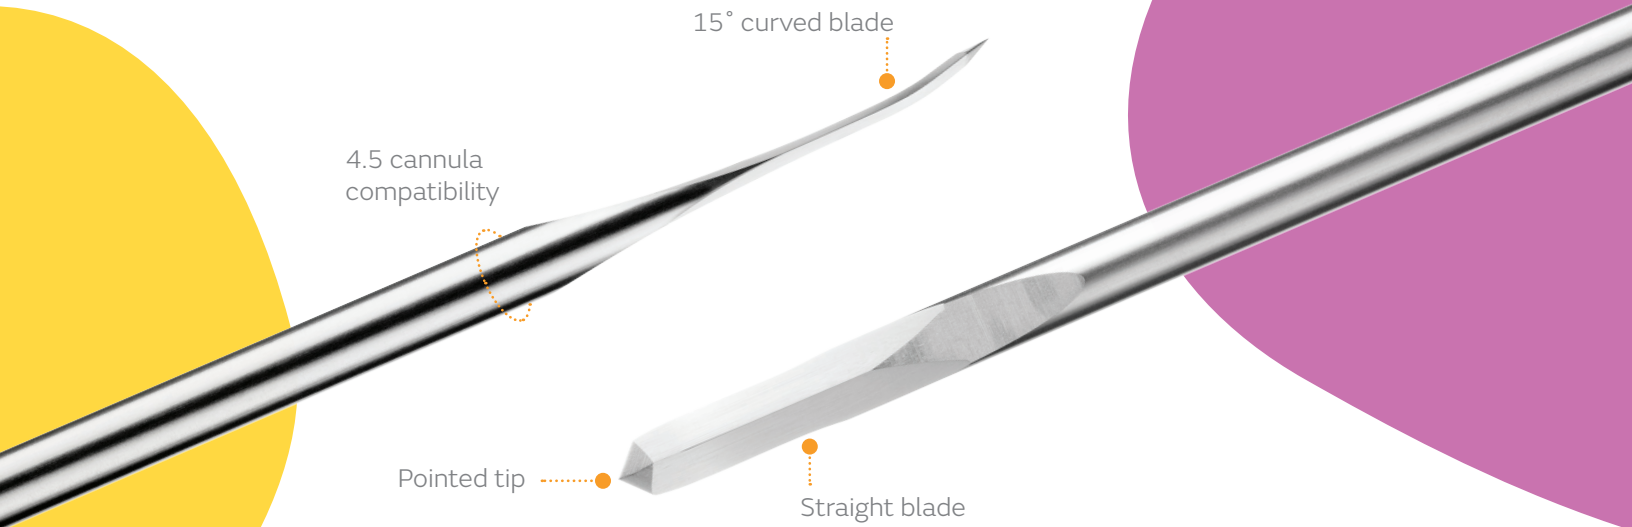

CAP-FIX[◇]
Capsulotomy Blade

A single piece design¹...

- Available in curved and straight blades
- Textured handle to aid in gripping
- Working length able to fit down all standard Smith+Nephew hip length cannulas

CAP-FIX[®] Blades can withstand extreme deformation without breakage.²

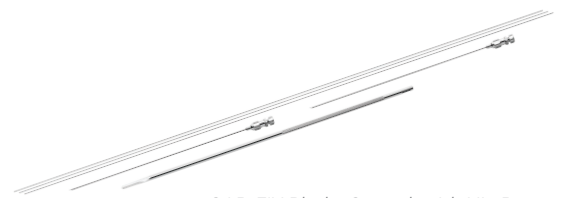

...combined with consistent sharpness¹...

- Ability to cut through hip capsule tissue to perform Interportal and T-Capsulotomy
- Single-use to ensure sharpness
