delay in wound healing

PROSHIELD[◊] Foam & Spray Incontinence Cleanser

Effective prevention and management of moisture lesions and incontinence-associated dermatitis (IAD) without rinsing or the use of a moisturiser, when used with PROSHIELD PLUS skin protectant.¹⁻³

Contributed to prevention of pressure injuries and IAD³

pH balanced⁶

Formulated to help eliminate odour⁷

- 26% reduction in the incidence of pressure injuries and IAD was seen in a study, when used with PROSHIELD PLUS Skin Protectant compared to standard care³
- Formulated to help eliminate odour and break down dried stool, reducing the need to scrub delicate tissue⁷
- Foam and spray modes
- For removing urine and faeces, dried blood, post-operative antiseptic solutions and other hard to remove debris from patients

For best results, use in conjunction with PROSHIELD PLUS Skin Protectant

PROSHIELD PLUS Skin Protectant
